

Emery Pajer - 2005

**I'm free.** This is something I had to do. Now that it is done, I can move on. I hope you enjoy it, and if you don't, that's cool too. Play it loud, on the best equipment you can find. Feel it. There is a song inside of all of us, thanks to David Fair, Apple, and God for helping me get mine out. Special thanks to Barbara for filling my heart with song every day. Thanks to the friends and family who sing along with me. There is no inspiration here. It was a puzzle, now solved. I don't claim to have talent, just a love of music, the right tools, and time to burn.
